How to reach your hotel by public transportation

Option 1 : You arrive in Brussels by airplane.

• Either you take a taxi directly from the airport to your hotel. This is certainly the easiest option, but pretty expensive (approx. 1000BEF).
• Either you take a train at the airport. Follow the signs at the airport: the railway is situated underneath the airport. You can buy a ticket right before you reach the platforms.
- The train takes you directly to Brussels.
- Make sure you get off the train at "Brussel Centraal" or "Brussel Zuid". Brussel Centraal is the best place to get of. It is located at the heart of Brussels and has an excellent connection to the subway. Do **not** get of at "Brussel Noord" because this station does not have a subway connection.

Option 2 : You arrive in Brussels by train.
